NEW VOLVO MULTI-WHEELER OFFER TO HELP UK BUILD BACK BETTER

Volvo Trucks is offering UK customers taking delivery of two of its most popular multi-wheelers the opportunity to add an ultra-competitive maintenance contract for just £100 per month over either three or five years.

The limited time offer is available on Volvo FM or FMX models, in 8x2 or 8x4 configuration, when registered before 31 December 2020. It allows customers to select between a top-tier Volvo Gold Contract over 36 months, or enjoy the reassurance of a Volvo Blue Contract over 60 months.

Volvo Gold Contracts include a full repair and maintenance service plan, for maximum uptime, precise cost control and hassle-free ownership. Volvo Blue Contracts offer the reassurance of a preventative maintenance and service plan – with all work carried out within a Volvo Trucks main dealer, by manufacturer trained technicians using Genuine Volvo Parts.

Announcing the offer, Hannah Burgess, Commercial Director at Volvo Trucks UK & Ireland, says: “Last week the government committed to building back better, building back greener and building back faster, accelerating infrastructure investment across the UK. Trucks like our multi-purpose FM and construction-focused FMX can play a key role, and in tough and challenging times we wanted to give customers at the sharp-end of the nation’s rebuilding efforts something extra for their business.”

Cont/.....

Volvo Trucks provides complete transport solutions for professional and demanding customers, offering a full range of medium to heavy duty trucks. Customer support is secured via a global network of dealers with 2,100 service points in more than 130 countries. Volvo trucks are assembled in 14 countries across the globe. In 2019 approximately 131,000 Volvo trucks were delivered worldwide. Volvo Trucks is part of Volvo Group, one of the world’s leading manufacturers of trucks, buses, construction equipment and marine and industrial engines. The Group also provides complete solutions for financing and service. Volvo Trucks’ work is based on the core values of quality, safety and environmental care.

The contracts are based upon 80,000km per annum, and for vehicles used predominantly on flat and smooth road conditions in a mixed on/off construction application.
